Bollo Formentera booking policy:

- We will hold your table for 15 minutes as a courtesy. After that time, the restaurant reserves the right to release your table.
- A reservation will only be considered confirmed once you receive the corresponding confirmation email. If you do not receive this email, your booking will not be registered in our system. If you cannot find it, please check your spam folder just in case or contact us.
- Minors are only allowed to enter if accompanied by an adult.
- If the number of guests you wish to book for does not appear in the reservation system, it is because all tables with capacity for that number are already fully booked.
- If the time you wish to book does not appear in the reservation system, it is because that seating is already fully booked. The website will only display the times still available for that date. You can always contact us to reconfirm availability.
- Reserved tables cannot be extended to accommodate more guests. In any case, we recommend contacting us so that we can manage your request. If you do not do so and arrive directly at the restaurant with more people than stated in your reservation, the restaurant reserves the right to cancel the booking.
- We do not process reservations through our social media channels, but you can follow us at [@bollo_formentera](https://www.instagram.com/bollo_formentera)
